BEHAVIOURAL PROCESSES

Author Index

Albonetti, M.E. and Farabollini, F.
Differential effects of restraint and novelty on the social behaviour of female rats (37) 209

Anderson, J.R., Montant, M. and Schmitt, D.
Rhesus monkeys fail to use gaze direction as an experimenter-given cue in an object-choice task (37) 47

Benhamou, S.
Space use and foraging movements in the American red squirrel (*Tamiasciurus hudsonicus*) (37) 89

Bubier, N.E.
The behavioural priorities of laying hens: the effect of cost/no cost multi-choice tests on time budgets (37) 225

Bubier, N.E.
The behavioural priorities of laying hens: the effects of two methods of environment enrichment on time budgets (37) 239

Callahan, T.D., see Dube, W.V. (37) 197

Cammaerts, M.-C. and Cammaerts, R.
Area marking in the ant *Pheidole pallidula* (Myrmicinae) (37) 21

Cammaerts, R., see Cammaerts, M.-C. (37) 21

Casperd, J.M. and Dunbar, R.I.M.
Asymmetries in the visual processing of emotional cues during agonistic interactions by gelada baboons (37) 57

Cheng, K. and Miceli, P.
Modelling timing performance on the peak procedure (37) 137

Colgan, P.W.
Biological Perspectives on Motivated Activities (37) 265

Colgan, P.W.
Causal Mechanisms of Behavioural Development (37) 253

Colgan, P.W.
Perspectives in Ethology, Volume 11, Behavioral Design (37) 251

Delius, J.D., see Siemann, M. (37) 185

Deutsch, C.K., see Dube, W.V. (37) 197

Di Francesco, S., see Gagnon, S. (37) 157

Dube, W.V., Callahan, T.D., McIlvane, W.J., Deutsch, C.K., Ullman, M.D., Koul, O. and McCluer, R.H.
Auditory discrimination reversal learning and assessment of behavioral teratogenesis in rats (37) 197

Dunbar, R.I.M., see Casperd, J.M. (37) 57

Farabollini, F., see Albonetti, M.E. (37) 209

Feyereisen, P.
Current Primatology, Volume I: Ecology and Evolution. Volume II: Social Development, Learning and Behaviour. Volume III: Behavioural Neuroscience, Physiology and Reproduction (37) 255

Gagnon, S., Winocur, G. and Di Francesco, S.
Effects of cue manipulation on performance by old and young rats in a test of non-matching-to-sample (37) 157

Gouat, P., see Mandier, V. (37) 125

Hernández-León, M.J., see Saldívar-González, A. (37) 75

Hinson, J.M., see Roll, J.M. (37) 9

Kamrani, B., see Melville, C.L. (37) 217

Kapusta, J., Marchlewska-Koj, A., Olejniczak, P. and Kruczek, M.
Removal of the olfactory system modifies male bank vole behaviour in the presence of females (37) 39

Koul, O., see Dube, W.V. (37) 197

Kruczek, M., see Kapusta, J. (37) 39

Levin, L.E.
Passage order through different pathways in groups of schooling fish, and the diversified leadership hypothesis (37) 1

Lories, G.
Behaviorism (37) 261

Lories, G.
Intelligent Behaviour in Animals and Robots (37) 259

Lories, G.
Toward a Practice of Autonomous Systems: Proceedings of the First European Conference on Artificial Life (37) 257

Maes, J.H.R. and Vossen, J.M.H.
Differential inhibition using contextual stimuli (37) 167

Mandier, V. and Gouat, P.
A laboratory study of social behaviour of pairs of females during the reproductive season in *Spermophilus spilosoma* and *Spermophilus mexicanus* (37) 125

Marchlewska-Koj, A., see Kapusta, J. (37) 39

McCluer, R.H., see Dube, W.V. (37) 197

McIlvane, W.J., see Dube, W.V. (37) 197

McSweeney, F.K., see Roll, J.M. (37) 9

Meil, W.M., see Roll, J.M. (37) 9
Melville, C.L., Rybiski, L.R. and Kamrani, B.
Within-session responding as a function of force required for lever press (37) 217
Miceli, P., see Cheng, K. (37) 137
Mondragón-Ceballos, R., see Saldívar-González, A. (37) 75
Montant, M., see Anderson, J.R. (37) 47

Natoli, E., see Pontier, D. (37) 85

Olejniczak, P., see Kapusta, J. (37) 39

Pisacreta, R.
Transfer of oddity-from-compound samples in the pigeon: Some assembly required (37) 103
Pontier, D. and Natoli, E.
Male reproductive success in the domestic cat (*Felis catus* L.): A case history (37) 85

Regolin, L. and Vallortigara, G.
Lateral asymmetries during responses to novel-coloured objects in the domestic chick: A developmental study (37) 67
Roll, J.M., McSweeney, F.K., Meil, W.M., Hinson, J.M. and See, R.E.
A preliminary examination of some effects of cocaine on within-session patterns of responding (37) 9
Roll, J.M.
The effect of olfactory and auditory stimuli on drinking suppressed with a conditioned taste aversion (37) 31
Rybiski, L.R., see Melville, C.L. (37) 217

Saldívar-González, A., Hernández-León, M.J. and Mondragón-Ceballos, R.
Exposure to the social interaction test in rats induces changes in defensive burying (37) 75
Schmitt, D., see Anderson, J.R. (37) 47
See, R.E., see Roll, J.M. (37) 9
Siemann, M., Delius, J.D. and Wright, A.A.
Transitive responding in pigeons: influences of stimulus frequency and reinforcement history (37) 185

Ullman, M.D., see Dube, W.V. (37) 197

Vallortigara, G., see Regolin, L. (37) 67
Vossen, J.M.H., see Maes, J.H.R. (37) 167

Winocur, G., see Gagnon, S. (37) 157
Wright, A.A., see Siemann, M. (37) 185
